BENOR certificate No. AGG/4492/0585

This product certificate has been issued on basis of the provisions of the Application regulation for the BENOR certification of aggregates TRA 411 for the type of aggregate

Round fine aggregate

with the following designation

0/4 CF A f3 a NG

in accordance with technical requirements PTV 411 (2024).

By issuing this certificate, PROCERTUS declares that, on the basis of a regular external inspection of the industrial autocontrol and by means of audit testing in an external laboratory, sufficient confidence can be given to the measures taken by the holder of the certificate to ensure compliance with the technical requirements.

On the basis of the issuance and the maintenance of the certificate, PROCERTUS grants the holder of the certificate the right to use the BENOR mark. Proof of delivery of a product under the BENOR mark is provided by an appropriate identification on the product, on the delivery documents and, if the case arises, on the packaging. A BENOR data sheet with the precise description of the characteristics of the product is available from the certificate holder.

The use of the BENOR mark does not relieve the certificate holder of any responsibility for the delivered product.

The validity of this certificate can be verified on https://extranet-materials.procertus.be or by scanning the QR code on this certificate.
